Dear Inspector Muddoch.

I gather it may be helpful
for you to hear from those who have
known Bishop Peter Ball over a long
period of time.

I have known him for nearly ten years.
During that time I have entrusted young
men to him, firstly when I was Headmaster
of Chesham College & now as Warden

of Radley. He has preached a crusade
at both these schools.

At no time has there been any
whisper of scandal. He has been an
immense force for good in the lives of
so many. As soon as I heard of
the accusation, I dismissed them in
my mind as impossible. His life is a
life of discipline.

If I can answer any question that
might help you enquiring, please telephone
me.

Yours sincerely,
R. M. Morgan
